SUPPORTING DECLARATION OF GEORGE MOCKRY

Office of Petitions

OFFICE OF PETITIONS

Sir:

The undersigned hereby declares as follows:

My name is George Mockry, United States citizen now residing in Cortez, Colorado, and at the time of the filing of provisional application Ser. No. 60/211,208, a resident of Sheridan, Wyoming. I am one of the two joint inventors of the subject matter of this patent application, the other joint inventor being Greg M. Mockry, a United States Citizen and resident of Massena, New York.

During the first week of June, 2001, Greg. M. Mockry and I decided to file a regular non-provisional application based on our then-pending provisional application, Ser. No. 60/211,208, filed June 13, 2000. I assembled all the required papers, including Declarations signed respectively by myself and Greg M. Mockry; a specification, which was in the form of a complete copy of the above-mentioned provisional application Ser. No. 60/211,202; a page of Claims; a cashier's check from Citizens State Bank of Cortez for \$355.00; and a self-addressed stamped post card that listed each item being submitted. I then placed these materials into an envelope addressed to the Commissioner of Patents with sufficient postage for Express Mail. This envelope was deposited with the United States Postal Service on June 9, 2001.

A few days later I received back the return receipt post card, which now carried indicia

showing the filing date (06/09/01) and the application serial number (09/878860). The exhibit attached hereto is a true copy of the said return receipt post card. The post card has not been altered in any way since I received it.

The undersigned further declares that all statements appearing above that are made of his own knowledge are true, and all statements made on information and belief are believed to be true, and further these statements were made that any willful false statements or the like so made may be punishable by fine, or imprisonment, or both under Section 2001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application, any patent issuing thereon, or any patent to which this statement is directed.
